

After a long development process, we have perfected and converted all 11 Letter Car Logos to the computer programs necessary to embroider our Letter Car Logos with the Queensboro embroidery machines.

Each logo had to be drawn in special "vector" art. I had drawn 9 of the logos, in vector, for the Macungie Meet. C-300 & 300-B needed to be done and were tricky but turned out beautifully.

Thank you for the encouragement and support from Rob Kern, John Cote, Steve Beard, Rob Jasinski, Val Jeffers and others but especially Gloria Moon.

Order now to receive your apparel in plenty of time for the Greenville Meet. They usually take about 6 weeks to fulfill an order.

Our Letter Car Logo Store is now open. Click on this link to start shopping:

<https://lettercarlogos.qbstores.com>
